

CeyLa Vie - Group

Company Profile

Our Story

What would you feel if you know the product you just bought has impacted positively all the way from its inception, be it the communities knitted around it or the environment in which it took seed?

What if you know the service that you took has impacted an individual, a family, a community and even a country, to stand by its own?

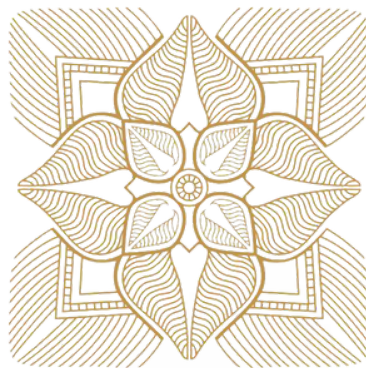

Well, for us that would not just be a business, but a *beautiful business*. That's what we strive to achieve.

It's an idea that has been brewing for quite some time within a group of Sri Lankan friends living in different parts of the world. What more, we always knew that our country and the people have a lot more goodness to offer to the world.

So was CeyLaVie born to cater these aspirations, and we welcome you to be a part of it.

Sri Lanka (Ceylon)

Our Logo

Our Logo represents a lotus flower with petals in many layers, spreading into all directions, as presented in traditional Sri Lankan wood carvings.

This means that we represent goodness and purity, spreading to all directions of the world, where the layers represents all the stakeholders who benefit from our business.

Our Businesses

We operate in businesses where we believe that we can create great value while having a positive impact on the society and the whole ecosystem. CeyLaVie Group is all about '*how we do businesses*'. Our focus is on delivering mutual benefit to make life better for customers and all stakeholders.

Our Products

CEYLON CINNAMON

Not All Cinnamon is True Cinnamon !

Ceylon Cinnamon (*Cinnamomum Zeylanicum*) which is also known as 'True Cinnamon', is native to Sri Lanka. Cassia from rest of Asia are also generally called cinnamon, but only Ceylon Cinnamon is known as 'True Cinnamon'.

Ceylon Cinnamon contains almost negligible amounts of coumarin, where as the Cassia alternative contains higher amounts of coumarin, a substance which can cause liver damage. Ceylon Cinnamon's excellent flavor profile, smell and chemical compositions is ideal for food, pharmaceutical, cosmetics, fragrance, etc. Given the uniqueness and geographic importance of Ceylon Cinnamon, it was recently awarded Geographical Indication (GI) certification in order to preserve its inherent standards and reputation that it stands for. We offer

- All Grades of Cinnamon Quills (Alba, C grades & H grades)
- Cinnamon Powder
- Cinnamon Leaf Oil & Bark Oil

Superfoods, the best kept secrets of nature!

Sri Lanka (Ceylon) is well known for its diversity, variety of fruits, herbs and other natural products. Avocado, Moringa, Soursop, King Coconut (native to Sri Lanka) and Sri Lankan Forest Honey are just to name a few.

- Well known for its quality the world over.
- Ethically produced.
- Smallholder farmers are benefitted.
- Raw and processed forms are available.

SUPPER FOODS

History & Legends proves how good our spices are !

This mysterious paradise island is well known for its quality spices from historical times to the present. As the legends and history mentions, traders such as Sinbad and travellers such as Iban Battuta, Fa-hien and Marco Polo have mentioned the riches of Sri Lanka which was a hub in the ancient sea Silk Route.

Our unique climatic conditions and soil bring out its inherent qualities that are unmatched by other countries. For example, Turmeric has the highest Curcumin content. Some products are produced in a special ecological cultivation method, especially known as the 'Kandyan Forest Garden'.

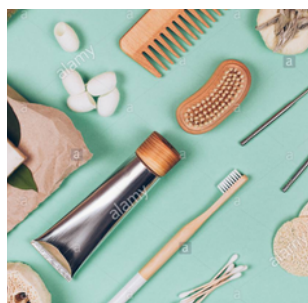

- We offer Turmeric, Pepper, Cloves, Vanilla, Cardamom, Nutmeg, etc.
- Each are available in all forms pertaining to its product.

Say YES to natural alternatives that upgrade our health and sustain the natural balance!

We strive to cut down the usage of plastics, chemicals that are harmful for people as well as for the environment. Here we produce natural alternatives to replace such products. For example, we provide natural alternatives to one time used plastics such as tooth brushes, cutlery, crockery, etc. Further, we do offer toiletries, cosmetics, food and beverages which are natural ingredients based.

- Pure & natural products.
- Earth friendly and health conscious
- Smallholder farmers are benefitted.
- Minimizing harmful wastage.

CeyLa Vie - plantations
NATURE'S GOODNESS JUST AS IT IS

Our primary business activities are cultivating, harvesting and undertaking post harvesting activities of the selected crops.

One of the main purposes of having our own plantations is to ensure that we vertically integrate to cover the value chain as much as possible. This also makes sure that we have a greater control in overall quality, traceability and the maintenance of our business philosophy.

Our Community

We are proud to have a very loyal workforce that takes pride in what they do. They also bring traditional farming practices that are environment friendly and sustainable. We also believe that people and nature should work in harmony.

Together We Grow! This has been our ethos in all of our businesses. We ensure that these workers are well looked after while treating them as members of one family.

CeyLaVie - Group

Vision

To be the most trusted business partner delivering excellent value to customers and all stakeholders.

Mission

To be in the forefront promoting superior goods and services to our end-users while making a positive impact on our employees, our communities, and on the planet that we live.

Values

Integrity

Integrity regulates our thoughts, our activities, and our professional behaviour as we believe that continuous growth can be achieved by integrity.

Quality

Our corporate philosophy revolves around quality. No efforts are spared in our quest for quality.

Teamwork

Working together with our stakeholders to achieve our goals is our driving force for success.

Environmental awareness

We respect and protect our environment, make efficient use of resources, comply with legislation, promote natural alternatives and sustainability.

Our Social Responsibility

Through our Community Foundation, we touch the hearts of all who help us to serve you, and even beyond. All our business units make sure that we contribute through three themes, which are the backbone of any society; *education, shelter and a means to live.*

'Sponsor My Education' - Increasing number of children drop out from school due to the difficult conditions their families face. We want to take away this burden from such families and make sure that school education is well looked after through our scholarship programmes.

'Home Sweet Home' - With the increase in cost of living, building a house and making it a functional home has been just a dream for many. We hand pick such families and help them to make their dreams a reality.

'Help Me Grow' - We help families and individuals to grow themselves by providing little things that go a long way. It can be by giving equipment to facilitate self-employment, by providing farm animals which provides an additional income or by providing free business consultancy to improve their own business, etc.
